### Red Bluff Joint Union High School District

### 2017-18 Second Interim Assumptions

### Multi-Year Projection Assumptions:

- District enrollment projections continue to show positive growth but projections for the out years have decreased due to updated numbers. Enrollment for 2017-18 remained at 1648.
- For 2018-19 enrollment projections decreased from 1692 at First Interim to 1680 and 2019-20 enrollment projections decreased from 1762 to 1748.
- ADA funding for the 2017-18 budget is based on projected current year ADA of 1,515, or 92% of enrollment.
- 4. Funded ADA in the out years is projected at 1,544 in 2018-19 and 1,607 in 2019-20.
- The LCFF "GAP funding" percentages have changed due to the Governor's budget proposal of fully funding the LCFF in 2018-19.

Year	<b>Budget Adoption</b>	First Interim	Second Interim
2017-18	43.97%	43.19%	44.97%
2018-19	71.53%	66.12%	100%
2019-20	73.51%	64.92%	100%

- 6. Federal revenues have remained fairly constant since First Interim.
- 7. The State revenues remain fairly constant in 2017-18 but then change drastically in the out years. They first increase due to projected one-time funds in 2018-19 but then decrease drastically due to the loss of the funding in Educator Effectiveness, Prop 39, and College Readiness, plus the reduction in the CTE Incentive Grant funding and other CTE funding sources.
- Local revenues increased in 2017-18 due to Sp Ed pass thru funds and the addition of the SUMS grant (Scale-Up Multiple Tiered Systems of Support). The revenues then decrease in the out years due to the loss of the Shasta College CTE funding, Sp Ed pass thru funds, and the SUMS grant.
- Contract negotiations have been completed with all units for 2017-18 and 2018-19. The salary schedule increases of 1.5% for 2017-18 and 2.5% for 2018-19 have all been included along with the one-time payments and health/welfare cap increases.
- 10. Materials/Supplies and Services/Operating budgets remain fairly constant in 2017-18 but then decrease in the out years due to the loss of funding sources mentioned above.
- 11. Capital Outlay budgets increased in the current year due to the purchase of a new bus lift for the transportation department.
- 12. The 3 new buses have arrived that were 88% funded through the Tehama County Air Resources Board grant program. Two of the buses are owned by RB Elementary and the other by RBHS.
- 13. This budget aligns with the Program Sustainability and Future Reserve Plan.

#### Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

#### Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

### A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

### B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

### Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

#### **SECTION 2**

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

#### S8. Status of Labor Agreements

Analyze the stalus of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
