2021-22 Second Interim Assumptions

(July 1, 2021 through January 31, 2022)

A snapshot in time of the district's revenue and expenditure forecasts for the current fiscal year as well as a projection of the two subsequent fiscal years:

- 1. With the Governor's Budget Proposal for 2022-23 the COLA for 2021-22 remained the same at 5.07%. However the COLA projection for 2022-23 increased from 2.48% to 5.33% and the COLA projection for 2023-24 COLA increased from 3.11% to 3.61%.
- 2. District enrollment and ADA projections are very volatile at this time. At the 2021-22 First Interim the district was projecting enrollment and ADA growth but due to enrollment numbers changing within the district and feeder schools the multi-year projections are now based on flat enrollment.
- 3. District enrollment for 2021-22 is 1,774 and for 2022-23 it is projected to remain the same at 1,774 and then decrease in 2023-24 to 1,772.
- 4. ADA numbers for 2021-22 have shown drastic decreases with P-1 attendance reporting only being 1,551 and P-2 is usually a little less than P-1. Fortunately, for 2021-22 the district is able to use prior year ADA at 1,658 to calculate revenue.
- 5. The District ADA projections for the out years are resuming to normal projections using a 93-94% average to hopefully avoid using the actual 2021-22 ADA that is projected to be 1,551 or lower. If the projections do not resume to normal then the 1,551 or lower number will be used in a rolling average percentage to calculate revenue which will negatively affect the district's revenue.
- 6. The projected ADA for 2022-23 is 1,660 and ADA for 2023-24 is projected at 1,656.
- 7. Federal revenues remain high in the current year due to Covid funding but decrease drastically in the out years due to the loss of these funds.
- 8. Other State revenues have remained consistent with First Interim for the current year and then decrease in the out years due to the loss of CTEIG, In-Person Instruction Grant, K12 Strong Workforce, and Educator Effectiveness Grant revenue,
- 9. Local revenues have remained fairly consistent with First Interim projections.
- 10. Salary and benefit budgets have increased since First Interim due to sub and extra duty expenses, and the projected \$2,000 one-time payment to all staff in May 2022. The budgets for the out years then decrease due to the removal of the \$2,000 one-time payments and the one-time 2% payment made in Sept 2021 to all staff.
- 11. STRS/PERS rates are projecting large increases in the out year. The large rate increase in 2022-23 is projected to cost the district \$386k.

	<u> 2021-22</u>	<u> 2022-23</u>	<u> 2023-24</u>
STRS	16.92%	19.10%	19.10%
PERS	22.91%	26.10%	27.70%

- 12. Materials/Supplies projected budgets have remained fairly consistent with First Interim and then decrease drastically in the out years due to the loss of all the Covid funding.
- 13. Services/Operating projected budgets decreased in the current year due to budgets being reallocated to Capital Outlay budgets for the shade structure expenses. The out years then decrease drastically due to the loss of Covid funding.
- 14. The Capital Outlay budgets increased due to the above and deplete to very little in the out years.
- 15. The Other Outgo budgets increased slightly due to the projected cost of additional special needs expenses.
- 16. The Multi-Year Projection is currently showing the reduction of the ending fund balance due to the projected deficit spending in all three years.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

Second Interim Special Education Maintenance of Effort 2021-22 Projected Expenditures vs. Actual Comparison Year LEA Maintenance of Effort Calculation (LMC-I)

52 71639 0000000 Report SEMAI

		rivialitionario
SELPA:	Tehama County (AE)	

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA,

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the compliance standard. To meet the requirement of the Subsequent Years Rule, the LMC-I worksheet has been revised to make changes to sections 3.A.1, 3.A.2, 3.B.1, and 3.B.2. The revised sections allow the LEA to compare the 2021-22 projected expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year.

There are four methods that the LEA can use to demonstrate the compliance standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods.

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both.

- Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
- 2. A decrease in the enrollment of children with disabilities.
- 3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - a. Has left the jurisdiction of the agency;
 - Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
 - c. No longer needs the program of special education.
- 4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
- 5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

Provide the condition number, if any, to be used in the calculation below:	State and Local	Local Only

SECTION 2

Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
