Dear Parent or Guardian:

The Red Bluff Joint Union High School District has an enviable record of safe transportation for our bus riding students. This is due in part to the professional training school bus drivers receive to obtain their license and the continuous training received each year to maintain their certificate. Our school bus drivers take pride in their job and work diligently to keep your child safe.

To safely transport your children, we have rules and regulations to assist students in understanding their responsibilities while riding the bus and while waiting at school bus stops.

Authority of bus driver per §14263 California Administrative Code Title 5:

“Pupils transported in a school bus shall be under the authority of, and responsible directly to, the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street, highway or road. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require any pupil to leave the bus en route between home and school or other destinations.”

Unauthorized Entry; Offense; Punishment; Notice – 39842 EC. The following section is quoted from the EC:

38942. (a) Any person who enters a school bus or school pupil activity bus without prior authorization of the driver or other school official with intent to commit any crime and who refuses to disembark after being ordered to do so by the driver or other school official is guilty of a misdemeanor and is punishable by imprisonment in the county jail for not more than six months, be a fine of not more than one thousand dollars (\$1,000), or both.

(b) A school district or county superintendent of schools may place a notice at the entrance of a school bus or school pupil activity bus that complies with the requirements of paragraph (3), subdivision (c) Section 1256.5, Title 13, of the California Code of Regulations and that warns against unauthorized entry.

Driver's responsibility for student safety:

“The driver's supervision starts approximately at the point where the driver can recognize the pupil as the bus approaches or leaves a bus stop. While at the bus stop, if a driver observes pupil misbehavior (e.g.,

destroying property, playing in the roadway, running across the roadway to the bus, the driver (for safety of the pupil and the public) must take appropriate action to correct the situation. The driver must report the problem to their supervisor. While the bus is stopped to load or unload, the pupils are the direct responsibility of the driver.

- (a) Riders may bring electronic devices onto the bus only if such devices are permitted at school. If the use of cellular telephones or similar devices disrupts the safe operation of the school bus, the bus driver may direct the student to no longer use the device on the bus, including but not limited to calls, pictures and recordings.

False Reporting to Authorities:

The District has a zero tolerance for false reporting at school or aboard buses and will prosecute to the fullest extent of the law.

Adverse driving conditions:

The Superintendent or designee may consult with the California Highway Patrol, County Office of Education or appropriate weather service when determining the degree to which he/she will limit home-to-school transportation service when atmospheric conditions reduce visibility on the roadway to 200 feet or less.

As a concerned parent, we encourage you to discuss the rules and regulations listed below with your children.

1. Guidelines for walking to and from the bus stop:

Students must:

- a. Watch for cars when crossing the street.
- b. NOT play games to and from the bus stop (for example, games that involve a ball).
- c. Walk on the walkways, stay off the street and private property.
- d. Have respect for their neighborhood and not disturb private property such as: sprinklers, mailboxes, plants, or automobiles.

2. General rules of conduct at school bus stops:

Students must:

- a. Be at the bus stop, (not across or down the street), at least 5 minutes before the posted arrival time of the bus.
- b. NOT trespass onto private property (for example, entering or playing in a neighbor's yard).

- c. Wait on the curb and walkway - NOT in the street.
- d. Keep their hands to themselves and refrain from pushing others as the bus approaches.
- e. Wait until the bus arrives, stops and opens the door before approaching to enter the bus.
- f. NOT play around the tires of the bus or underneath the bus.
- g. NOT get off the bus at any stop other than their regular stop without the prior written permission of their parent/guardian and a bus pass from their school office.

3. Danger zones around the school bus:

- a. School buses are large vehicles. The drivers depend on their mirrors to monitor the outside of their buses. Because of this, there are areas known as danger zones around buses. These are listed below:
 - 1. Directly behind the bus.
 - 2. Underneath the bus.
 - 3. Close by the side of the bus at the entrance door.
 - 4. Directly in front of the bus.
- b. When students step off the bus, students should move at least twelve feet out from the door before walking down the side of the bus.
- c. Drivers are directed not to move the bus until students are at least twelve feet from the bus. When the bus is moving, students are not permitted to approach the bus.

Our school bus drivers follow State rules regarding loading and unloading of school buses. Drivers will stop only at school bus stops that have been approved by the Board of Trustees. Drivers will operate the school bus, if so equipped with amber lights, red warning lights, stop signal arm, and hand-held stop sign as required by State law. If students must cross the roadway where the bus is stopped, the school bus driver will escort them across the roadway, and students being escorted across the street will stand on the side of the roadway near the school bus front door and wait for the school bus driver to verbally tell them when it is safe to cross the roadway. Students will cross the roadway between the school bus driver and the front of the school bus. Students will not return to the school bus or re-cross the roadway after being escorted across the roadway by the school bus driver at any time whether an adult is present or not.

4. Red light crossing procedures (K-12):

- a. By law and District policy, students K-12, that must cross the street after exiting the bus, will be escorted across the street by the bus driver whether an adult is present or not.
- b. The driver may not know when a student is new. New students must inform the driver if they need to cross the street.

- c. This procedure includes the use of amber and red warning lights and hand-held stop signs when allowed by law.
- d. The red warning lights are used as a signal to inform other motorists that they must stop for the bus.
- e. Drivers will indicate on their route sheet, all students that require escorting.

5. Boarding procedures at the school bus stop:

- a. All school bus stops designed by the Red Bluff Joint Union High School District will be on the right hand side of the roadway.
- b. Students will form an orderly line at least twelve feet from the traffic lane and facing toward the street.
- c. When the school bus arrives, the students will not approach the school bus until the school bus makes a complete stop, the driver effectively sets its parking brake, and opens the passenger entry door.
- d. The safety handrail shall be used while walking up the bus steps.
- e. Students will enter the school bus in an orderly manner and take the first available seat or any seat assigned to them by the school bus driver, and immediately fasten any passenger restraint systems when provided.
- f. Riders shall remain seated at all times until the bus has reached their stop and the doors are opened, unless directed by the driver.
- g. If a student is late arriving to the school bus stop, the student will not approach or run after the bus after the door has been closed. The students are directed to return home.

6. Boarding procedures at the school or field trip destination loading zone:

- a. At school, the students will wait for the school bus in an orderly line at the pre-identified pick up point. Students will stand at a safe distance from the curb, approximately twelve feet or a distance determined by the Superintendent or designee.
- b. On a field trip, the students will approach the school bus from the right side of the vehicle in a single line formation.
- c. The students will not approach the school bus until the school bus makes a complete stop, the driver effectively sets its parking brake and opens the passenger entry door.
- d. The safety handrail shall be used while walking up the bus steps.
- e. Students will enter the school bus in an orderly manner and take the first available seat or any seat assigned to them by the school bus driver, and immediately fasten any passenger restraint systems when provided.
- f. Riders shall remain seated at all times until the bus has reached their stop and the doors are opened unless directed by driver.

- g. If student is late to school bus stop, the student will not approach or run after the bus after the door has been closed. The students are directed to go to the main office of the school and ask for assistance.
- h. Riders taking the bus home must remain on campus after school until the bus arrives.

7. Exiting Procedures:

Any time students exit the school bus, whether at the student's stop, at their school, or at a trip destination, the following procedures shall be followed:

- a. Students shall remain seated until the bus is completely stopped, the driver sets the parking brake, the driver opens the door, and the driver signals to the riders that it is safe to stand and exit the bus.
- b. The student(s) in the front right side seat will enter the aisle and walk forward. The student(s) in the front left side seat will enter the aisle and walk forward as soon as the first students are clear. This right - left alternation pattern will continue until the last seat, or all the students are off the school bus or all students who exit the bus at the school bus stop. Students should walk, remain quiet, and not come in contact with any other student during this process.
- c. The safety handrail will be used while walking down the bus steps.
- d. Kindergarten students will not be unloaded unless a designated adult is there to accept them, unless a parent gives driver a note stating otherwise. If not, the student will be returned to school.

8. Video camera monitoring:

Student behavior on the school bus, and the driver's management of that behavior, are the two key elements to a safe and enjoyable bus ride. A video camera on a school bus is but an aid to monitor bus discipline. It does not replace the discipline policy, the authority of the driver, or the responsibility of the school officials. The basic safe riding rules must prevail and the consequences of misconduct must be carried out. There will be zero tolerance for violence on the school bus. To promote safe riding habits, the Board authorizes the use of a video camera on school buses as designated by the Director of Transportation.

9. Transportation by private vehicle:

- a. The Superintendent or designee may authorize the transportation of students by private automobile for approved field trips and activities. The driver and vehicle must be registered with the District for such purposes.

- b. Before transporting students on any field trip or activity, drivers shall register with the district. Drivers shall receive safety and emergency instructions, which shall be kept in their car. All student passengers shall provide permission slips signed by their parents/guardians.
- c. Drivers shall be required to possess a valid California driver's license and show proof of liability insurance coverage of at least \$100,000 per occurrence.
- d. Owners, drivers and passengers shall be informed that the registered owner and his/her insurance company are responsible for any accident which may occur. District personnel who frequently transport students in their private vehicles are urged to carry liability insurance of \$300,000 or more per occurrence.
- e. All drivers and passengers shall wear seat belts in accordance with law. (Vehicle Code 27315).
- f. Trucks and pickups may not transport more persons than can safely sit in the passenger compartment.
- g. The number of passengers, including the driver, shall not exceed the capacity for which the vehicle was designed and should not in any case exceed 10. (Education Code 39830).
- h. In case of an emergency, keep all students together and call 529-8900, the Transportation Department; 529-8700 Red Bluff Joint Union High School District office; 527-7200 Red Bluff Elementary District office; or call 911.
- i. The driver or any other person shall not smoke or have in his/her immediate possession a lighted pipe, cigar, or cigarette containing tobacco or any other plant when there is a minor in the motor vehicle, whether the motor vehicle is in motion or at rest (Health & Safety Code 118948)

10. Student drivers:

- a. When district transportation is provided, students may be released from using district transportation only with the advance written permission of their parent/guardian.

Guide to Student's Responsibilities while Riding School Buses

The following list of student actions constitute violations of the established rules and regulations:

11. Riding another bus/obtaining a bus pass:

- a. Bus notes (requests for students to ride a bus other than their regular bus or to exit at a bus stop other than their regular stop) will be processed in the main office of the school the student attends.

- b. The bus driver will not transport the student to another designated stop unless he/she has a bus pass from their school office and has room on their bus.
- c. Regular stop must match address on file at school. When students have moved, a bus pass needs to be issued by school for new stop.

12. Transportation Driver/Rider Safety:

To assist students in understanding their responsibilities for proper travel to and from school, the following rules and regulations are to be observed while riding the buses of the school district. These rules will assure safe and proper travel to and from school and are to be observed while riding the bus and waiting at school bus stops. Lap-Shoulder Belt Basics

"Buckle, Check, Tight — Your Seat Belt Is Right!"

Common Seat Belt Parts

BUCKLE

A BUCKLE the latch plate into the matching buckle after pulling out the shoulder belt webbing from the seatback. LISTEN for the CLICK sound when the latch plate is fastened!

Be sure to:

- Sit flat against the seatback.

- Place the lap-shoulder belt over shoulder and around upper body. Do not let the belt get twisted.

CHECK

B CHECK that the buckle connection is secure by tugging firmly on the seat belt latch plate.

Be sure to:

- CHECK while sitting against the seatback.

- Remove any twists in the seat belt when you CHECK.

TIGHT

C TIGHTEN the lap portion by pulling upward on the shoulder belt. Be sure that the shoulder belt is snug across the chest and crosses the center of the shoulder.

Be sure to:

- Properly position lap portion below the waist, not over the stomach.

- Position the shoulder-height adjuster at or just above the shoulder. The belt should not cross the face or neck.

I have read and discussed these important safety instructions with my child.

UNBUCKLING

1. Push the red button on the buckle and remove the latch plate from the buckle.
2. Allow the shoulder belt to retract into the upper seatback so webbing is not loose.

3. As a courtesy to the next passenger, move the shoulder-height adjuster up to its highest position.

IMPROPER LAP-SHOULDER BELT USE

NEVER sit in front of the buckled lap-shoulder belt.

NEVER place the shoulder belt behind your back and wear only the lap belt.

NEVER place the shoulder belt under your arm.

NEVER wear the shoulder belt or lap belt loosely.

NEVER allow the belt webbing to be twisted. It should lay flat against your body.

NEVER insert the latch plate of your shoulder belt into the buckle for the seat beside you. Be sure to use your own buckle.

NEVER wear your backpack when you are seated in the bus. Place it on the floor in front of your feet.

NEVER sit on the front or side edge of your seat.

PARENT/GUARDIAN HANDBOOK FOR STUDENT TRANSPORTATION

Students, who qualify for school bus transportation, are transported to their assigned school through a coordinated transportation system.

The information in this booklet is provided for your information. Your cooperation will aid considerably in transporting our students with maximum service, courtesy, and safety.

Please have your child return this page to his/her bus driver.

QUESTIONS regarding Pupil Transportation should be forwarded to:
